NEW REGIME RUNS SMOOTHLY

Russian Workingmen, Soldiers and All Satisfied With Government.

WHOLE ARMY FOR WAR

Not a Single Element in Russia Stands Out for Separate Peace.

PETROGRAD, March 21, via London March 22, 9:15 a. m.—Speaking in the energetic and forceful manner which characterizes all his utterances, the new minister of justice, A. F. Keren-sky, in an interview with the correspondents of the Associated Press, denied all rumors of friction or discord between the workingmen, soldiers and the new government. M. Krensky, who is a member of the radical workingmen's party, emphatically denied that there was any latent dissatisfaction in his or any other party which might burst forth into a fresh revolt.

"In my appointment to this post you have the best pledge that the radical elements of the nation are in harmony with the government. If any serious disagreement existed at the beginning between the workingmen and the duma committee it was only a passing symptom of fever attending the birth of a new nation. I can assure you that every difference has disappeared and that every element of the country stands behind the government. Naturally, differences of opinion exist between me and other members of the cabinet, but each conflict has resulted in a firm agreement on all the main issues."

The minister said that all suppositions that the soldiers and the workingmen were opposed to carrying on the war were without basis.

None for Separate Peace.

"My visit to Moscow, from where I returned this morning," he continued, "satisfied me that the whole army, from the commander down to the last soldier, are eagerly devoted to a continuance of the war. I found there a better demonstration than one could get in Petrograd of the new unity of the nation. The acclamations which followed my declaration before large gatherings of the co-operation existing between all classes and the government left no doubt as to the sincere desires of the population. There are, of course, elements throughout the world which are against the war, but the majority in Russia is determined to finish it and not a single element stands out for a separate peace."

Answering a question regarding the final form of the new government, M. Krensky said:

Many Reforms Ahead.

"I am a Republican and think I know what kind of a government Russia wants, but as a member of the government, I will not try to bring any pressure upon the popular opinion which will render the decision. The keynote of the new government will be tolerance toward all. The members of the old government who are under arrest will be given a regular trial. There will be no summary military procedure, no court-martial, and I believe that I can promise you that capital punishment will be definitely abandoned in the near future.

"Among other reforms will be the establishment of freedom of the press and the Russian press will soon become, I hope, as liberal and outspoken as the American press, which I have always admired. The new government will be based on respect for the rights of mankind."

Rowdies Create Disorders.

LONDON, March 22, 11:32 a. m.—Robberies, incendiarism and some murders have occurred in Petrograd, according to a dispatch from Reuters to the Russian capital. The disorders were started by rowdies, who were encouraged by the police, the dispatch says, but were quickly suppressed by the militia force, composed of soldiers and workmen, who disarmed the police.

HEALTH OF THE GERMANS GOOD

Infant Mortality Lower Than in Peace Times—People Surprisingly Well.

AMSTERDAM, March 22, via London, 10:14 a. m.—The health of the German people is surprisingly good and infant mortality is lower than in peace times, according to Vice Chancellor Helfferich. The vice chancellor is quoted by Berlin dispatches to Reuters as saying in a speech before the reichstag:

"Our fears regarding the possible effects of a restricted food supply are unfounded. Moreover, the health of the people is surprisingly good and infant mortality lower than in peace time. Great Britain's efforts with the plow proves the importance she attaches to the submarine war. Her imports will be further restricted by our submarines."

"We have already taken measures for the proper production and distribution of raw materials after the war and in regard to rebuilding our mercantile fleet negotiations are proceeding with the ship owners. Despite the Paris conference, we shall renew economic relations with foreign countries after the war."

DON'T WASTE HIS ENERGY.

Clarence announced his coming by a series of howls. "Oh, my finger, my finger!" he said.

"Poor little finger," mother cooed. "How did you hurt it?"

"With the hammer."

"A long time ago," Clarence sobbed.

"But I didn't hear you cry."

"I didn't cry then; I thought you were out," said Clarence.—New York Times.

George M. Cohan Gets His First Lesson In Screen Acting

And now George M. Cohan has become a regular dyed in the wool, honest to goodness motion picture actor. It took a long time for the famous Yankee Doodle Boy to succumb to the lure of the screen, but at last he has really entered the silent art at the head of his own company for Artcraft Pictures. Here George M. is seen receiving his first lesson in motion picture acting from Joe Kaufman, his director, while pretty Marguerite Snow of "The Million Dollar Mystery" fame and who has been selected as Mr. Cohan's leading lady, occasionally offers a bit of valuable advice in connection with the screen production of "Broadway Jones." Many will remember this subject as George M. Cohan's greatest stage success.

PRISONERS GIVEN BIG RECEPTION

Daughter of Russian General Carried Through Streets on Shoulders of Crowd.

LONDON, March 22, 10:44 a. m.—A Petrograd dispatch to Reuters says that political prisoners released from the Hertschinsk prison in Siberia have arrived at Chita, where they were given a big reception and welcomed by military bands. Among the prisoners was Maria Spiridonova, who was carried through the streets on the shoulders of the crowd.

Maria Spiridonova is the daughter of a Russian general who shot and killed Chief of Police Luchenofsky of Tambov, in 1906. She was sentenced to death, but the sentence was commuted to twenty years' imprisonment. While in jail she was terribly tortured by two police officers, who for eleven hours kicked her back and forth across her cell, tore her hair and burned her flesh with lighted cigarettes. Both of her torturers were afterward murdered.

Free Railway Passes Given.

PETROGRAD, March 22, via London, 10:51 a. m.—In view of the financial straits of pardoned political prisoners, the council of ministers has decided to grant them free railway passes. The minister of foreign affairs has also been authorized to grant money subsidies to all emigrants desiring to return to Russia and instructions have been issued to the frontier authorities to raise no difficulties in the matter of identification papers.

DRUGS EXCITE YOUR KIDNEYS. USE SALTS

If your Back hurts or Bladder bothers, drink lots of water.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 gallons of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithium, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.—Advertisement.

KAISER DECORATES TURK.

LONDON, March 22, 9:26 a. m.—The German emperor has bestowed the Order of the Black Eagle on Talaat Bey, the Turkish grand vizier, according to a Berlin dispatch to the Exchange Telegraph Company by way of Amsterdam. The order is an honor usually reserved for royal princes.

The above picture is of the home of Mrs. A. Christensen in Anchorage, Alaska, a town only one and one-half years old and of 5,000 population. Mrs. Christensen is the daughter of Mrs. Margaret Slater of 2827 Adams avenue, Ogdens. The photograph was taken in January.

HOW INFANTILE DISEASE SPREADS

Diseased Noses and Throats Allow Passage of Virus to Central Nervous System.

RUTLAND, Vt., March 22.—An announcement that Dr. Edward Taylor, professor of tropical medicine at the University of Vermont had made an important discovery as to the manner in which infantile paralysis is spread, was made today by Dr. Charles S. Caverly, president of the state board of health.

"Dr. Taylor has apparently shown," Dr. Caverly said, "that diseased noses and throats allow the passage of the virus into the central nervous system, while normal noses and throats seem to neutralize this poison. The simple process of cleansing the nose and throat with warm water in which table salt has been dissolved is perhaps as good a preventive as we have."

DR. LIEBNECHT'S SEAT IS FILLED

LONDON, March 22.—Dr. Franz Mehring has been elected to the seat of Dr. Karl Liebknecht in the lower house of the Prussian diet, according to a Berlin dispatch to Reuters by way of Amsterdam. Dr. Mehring is a member of the Socialist minority which is opposed to the war and was led by Dr. Liebknecht up to the time of his imprisonment on charges of treason. The new deputy has also incurred the displeasure of the authorities and at one time was put under "preventive arrest." According to the dispatch he was opposed in the election by a member of the Socialist majority, but received 341 votes out of a total of 427.

Remarkable Election.

AMSTERDAM, March 22, via London, March 22.—Commenting on Dr. Mehring's election the Cologne Gazette says:

"It is remarkable that in a bye-election Liebknecht's seat in the reichstag, where the election was direct and Secretary Mehring was defeated by the Socialist candidate, whereas under the three class system enforced for elections to the Prussian diet the candidate of the Radical Socialist party has been successful."

HIGH HEELED SHOES PUT CORNS ON TOES

Tells women how to dry up a corn so it lifts out without pain.

Modern high-heeled footwear buckles the toes and produces corns, and many of the thousands of hospital cases of infection and lockjaw are the result of woman's suicidal habit of trying to cut away these painful pests.

For little cost there can be obtained at any pharmacy a quarter of an ounce of a drug called frezone, which is sufficient to rid one of every hard or soft corn or callus without the slightest danger or inconvenience.

A few drops applied directly upon the tender, aching corn stops the sore and all, lifts right out. It is a sticky substance, which dries the corn out, is applied, and thousands of men and women use it because the corn shrivels up and comes out without inflaming or even irritating the surrounding tissue or skin. Cut this out and try it if your corns bother you.—Advertisement.
